A new saponin 1 with an unusual guaiane structure and a previously unknown aglycone 3, a novel saponin 2, and a known compound 4 were isolated from an extract of the aerial parts of the Asteraceae species Gauia tomentosa along with known compounds 5-8. These structures were assigned based on extensive spectroscopic analyses. The biological activity of 1-3 was tested on adipocytes. Compounds 1 and 3 promoted lipid removal through lipolysis.Hamden basketball stays unbeaten in season HAMDEN — The members of the Hamden boys varsity basketball team might be getting a little bored at the current winning streak. That's right, the Eagles are still undefeated, a fact not lost on their head coach Jeff Quinn. "Our top scorer hasn't missed a shot all year," he said. "In the beginning we were kind of defensive minded, then we went away from that and started to take more shots. We've gone from taking 29 percent to the three-point line to up to the three-point line and 30 percent." No wonder Quinn likes his team to play fast, with a break-neck tempo. "The guys who are good offensively are good defensively," he said. "(They) are probably the best of our group, in terms of the speed of the game. But we need guys who can do everything." Last week's game against Saugatuck was one of the best, if not the best, game of the year for the Eagles. "We had so many days off in a row after that game," Quinn said. "The rest of our games this week were just easy. I think if we have a good week, we're going to have
